Addictive behavior may look and feel like a disease, but it begins as a choice. Many people—including Christians—have become prisoners to a cycle of chronic compulsion, broken promises, lies, guilt, shame, and often *despair*. These may turn to medication, secular therapy, or expensive rehabilitation to deal with their problem. Others simply suffer in silence, yet remain trapped in this cycle. God has been warning us about—and providing a *successful solution* for—addictive behavior all along. This solution is not an easy one, but it *does* provide a “way of escape” from *any* choice or lifestyle that keeps one in the grip of addiction. Please join us in our endeavor to shed God's light on these things!

All are welcome!

Free lunch will be provided at the Kent Senior Center between the morning and afternoon lessons on Saturday.

Please join us!
